## Keda Learning Books, Resources and Training

UK delivery prices below apply to a UK address which must have a valid UK Post Code or BFPO number. You must purchase a book for each student - photocopying undermines the effectiveness of the methods and it is strictly prohibited. If you have a large number of students, please contact us for special pricing. Please note that a pack is 6 identical copies of the book sufficient to teach reading or spelling to 6 students.

### Stride Ahead

#### The Gateway to Comprehension

A self contained manual that enables any literate person to teach reading fluency. This is a prerequisite of functional comprehension as it allows the student to read 'naturally' without concentrating on the decoding process. Stride Ahead is particularly suitable for teenagers and adults, even if specific learning difficulties such as dyslexia exist. The essence of the scheme is a series of timed exercises. For this reason we include a FREE timer when you buy direct from us.
